To Whom It May Concern,

UvA Talen is the independent language institute of the University of Amsterdam. We provide language training courses for individual students as well as tailor-made courses for the business sector, governmental and public organizations, schools and universities, etc. All our teachers have a background in language teaching and have experience in adult education. Not only are our teachers selected because of their knowledge and experience, but they are also screened on their ability to cater to the needs of the individual student.

Ms. Florence Maugendre worked at UvA Talen as a French teacher from January 2012 until now (February 2017). Moreover, we hope she will continue to teach for UvA Talen for many years to come.

During her time with us, Ms. Maugendre was responsible for teaching adults of various levels, in both groups and individual classes. Her students have always appreciated her approach and have given us excellent feedback on her lessons. Ms. Maugendre has very good classroom skills and is able to modify the content of the classes to her clients' needs.

Florence Maugendre is dynamic, punctual, dependable and very hard-working. She encourages students of different proficiency levels, from beginners to advanced, to improve themselves in both written and spoken French. She has been resourceful and created a safe environment during the lesson practices. She has a friendly and positive approach to students that puts them at ease.
